

# The Golden Heart Merkabah of Creation Workshop

This workshop is presented by Kevin and Christine Core who have been personally working with the Merkabah meditation for 13 years. In 2004 Kevin and Christine went to live in Luxor, Egypt in order to live amongst the temples where this ancient wisdom is still held. They now take this ancient spiritual philosophy and practice to the next level.

## **About the Workshop**

The [Golden Heart Merkabah of Creation](#) Workshop is taught in two (2) parts.

Firstly, we will teach **the Basic Practice** which you will be able to teach on completion of the full 6-day course. Even at Basic Level this practice is far more advanced than most other Merkabah meditations being taught.

At **Basic Level**, we activate 5 Merkabah: one for the Physical Body, Emotional Body, Mental Body, Buddhic Body (Heart Centre) and Atmic Body (Throat Centre). In this workshop we will explain fully the Creation Story, how it relates to Sacred Geometry and because of this, why the Golden Heart Merkabah of Creation is so powerful.

[The Golden Mean Ratio](#) will be explained but DO NOT WORRY. There is no complicated maths or geometry to sort out. We will only deal with ratio and the concept of the Golden Mean. We will see how the Golden Mean exists in every part of our world, from that of the structure of music to the dimensions of the Human body.

A basic explanation of the [Flower of Life](#) will be given and how this contains all the Sacred Geometry representative of our subtle bodies. Spirals are discussed and shown how sacred sites over the world are linked to the Golden Mean Spiral that originates in Egypt.

Part of the Golden Heart Merkabah of Creation practice is to cleanse all of the chakras or energy centers within our bodies as we activate the Merkabah. As part of this workshop, we ask Archangel Michael to sever all ties to people, places or events that have no relevance in our lives now. This includes a full DNA cleanse of all ancestral issues. These cleanses are provided on the tape that comes as part of this workshop. A complete explanation of the practice of the Golden Heart Merkabah of Creation is given with at least three (3) guided meditations. Once activated, the Basic practice will allow the practitioner to contact 6<sup>th</sup> dimensional consciousness. Again, this practice is given in detailed form on the tape provided.

Once we have activated the 5 Merkabah at Basic level we will:

Activate a giant group Merkabah as part of the service aspect of the Merkabah. This brings in healing energy for Humanity, the Animal, Vegetable and Mineral Kingdoms, and the Devic and Elemental Kingdoms.

In this meditation we act as channels while the Spiritual Hierarchy brings in the highest energy available for the Planet at this time. The Grace that is attached to this service is profound.

- Go through a bi-location experience (moving consciousness to another location whilst still in physical body). We will take students through an initiation into the Alpha and Omega Order of Melchizedek at the Great Pyramid at Giza, where each student will be given a guide from this order.
- Karma Cutting Meditation through Archangel Michael to clear past karma and clear negative DNA programming.

- Cleansing of 60 Chakras to Facilitate Expansions of Consciousness.
- Activate our Merkabah light body to Galactic Speed.
- Activation of 5 Pranic Energy Centers for Expansions of Consciousness.
- Activation of 15 spiritual energy fields into 5 Merkabah to allow an expansion of consciousness, 24 hours a day, 7 days a week. This will enhance any current healing or meditation practice.
- Throughout this course we will teach you a practice for energizing your etheric body with pranic/kundalini energy to maintain good health.

The **Advanced Practice** is an extremely powerful meditation. At this level the emphasis is on the practitioner to assume fully his or her Spiritual Responsibility and Power. I would expect that all regular practitioners of the Advanced Golden Heart Merkabah of Creation will undergo a major shift in consciousness within 2 years.

The Golden Heart Merkabah of Creation is not a static practice. You are given a Teacher during the Basic and a full Melchizedek (12<sup>th</sup> Level Consciousness) teacher at the Advanced Level.

It will take a full year to integrate the energies contacted with the Advanced Level and during this time you will experience many wonderful things and happenings.

The Ascension of the earth is happening NOW and is occurring through the Merkabah Vehicle of Light. This practice will allow you to participate in this birth, for such it is, as the fully Ascended Master you truly are.

- At this level we are activating all 8 Merkabah of the Seven-System Merkabah practice. This will allow the practitioner to contact 9<sup>th</sup> dimension consciousness.
- A more detailed explanation of the first three Prime Movements will be given with an introduction into the fourth, which is the key to the grid of incarnations and past life healing.
- You will be introduced to the Egyptian Mystery School of Creation, which uses the Twelve- System model of Creation, with a more detailed explanation of the generation of Sacred Geometry.
- Again, we will introduce you to a self-cleansing meditation programme under the guidance of Archangel Ariel and the Council of Ain Soph (Eternal Light). After practicing this meditation for a short time this healing and cleansing programme can be invoked anywhere, at short notice, to clear yourself and your environment of any negative energies.
- A detailed and thorough explanation is given of the Advanced Golden Heart Merkabah of Creation practice. This explanation and the fully guided meditation are supplied on the CD that accompanies this workshop.
- At this level you are consciously undertaking to become a World Server. This is the same role that Christ undertook two thousand years ago. You will be working

with and joining consciousness with, Lady Gaia, the Planetary Being, and Helios, the Logos of our Solar System.

- A full explanation will be given of the Lightbody Activation process up to the Sixth Initiation of consciousness. We will explain how the four-fold system of physical, emotional, mental and spiritual bodies react as each successive Lightbody activates. This is a mutational process the whole human race is undergoing at this time and we will show the changes that are occurring in our DNA/RNA and cellular makeup. This also explains the causes of M.E. or Myalgic Encephalopathy or Chronic Fatigue.
- You will undergo a series of Lightbody activations which will transform your reality allowing you to communicate with your Higher Self and Spirit in a truly magical way.
- We will do a powerful meditation that will attune each student to the Planetary and Cosmic Rays of God and the Masters of Light who govern these Rays.
- Activate a giant group Merkabah as part of the service aspect of the Merkabah. This brings in healing energy for Humanity, the Animal, Vegetable and Mineral Kingdoms, and the Devic and Elemental Kingdoms. In this meditation we act as channels while the Spiritual Hierarchy brings in the highest energy available for the Planet at this time. The Grace that is attached to this service is profound.

Students who have completed this workshop have gone on to become very powerful teachers in their own right. Totally transforming their lives and the lives of those around them.

## Reviews from Past Participants

*Thank you very much for a wonderful Merkabah workshop, which I really enjoyed and it helped me with my spiritual growth. I am amazed by all the knowledge Christine has and showed me. I wish I could attend the longer workshop thank you very much.*  
Keiko, London.

Wow, the basis of everything, I am blown away. Thank you so very much. Christine is most definitely an amazing and wonderful teacher. I am so very grateful. I did the angelic Reiki last year and always felt that there was a support mechanism that I needed for it. And I have found it in the Merkabah. Thank you! I now feel the possibilities are endless and my confidence has risen from taking this class. Everything feels like it gave finally coming together. I feel so very blessed are having been able to do this with Christine. Thank you for your knowledge.  
Tara, London.

*The Merkabah workshop facilitated in me the most profound spiritually human experience of my life. The light merged with my cells as geometric shapes making love to the elementals in my body in honour of remembering our purity already in motion. I did not know it was possible to move and be still with such simple grace. It was as if my spirit was given the space to make this leap of faith into a new state of consciousness. The activation of the Merkabah created a deep sense of safety and my inner being began to wonder and discover itself as this pure potential in human form, dancing with all aspects of self and others in Pure Natural Joy.*

The Merkabah workshop is my first great transition into planetary service. I now move with the courage and newfound delight to embody our true nature in this lifetime. Heaven and Earth are really in my human form and I feel so grateful for this great change and blessing that Kevin and Christine facilitated in their workshop.  
All my love. Maria. Athens, Greece.

*Thank you for the Merkabah workshop. I never really quite appreciated until we were actually in the medication the enormity of what we were taking on; spiritual leadership etc. Whilst in the medication I thought "gosh" I wish I had known this before. I trust that my other than conscious mind had already prepared me for this part. I felt comfortable*

*with the practice and how it could be used.*  
*Gloria, London.UK*
