## Angelic Reiki - Most Profound

Our soul journey comprises a most intricate and colorful map that is interspersed with oases of respite where one can rest and recover after a difficult phase in life. This allows us to continue on our chosen pathway with renewed energy having bathed in love and light.

Every one of us has a personal life journey to share which will make a wonderful Mediacorp drama. My personal journey has guided me to search for wholeness and alternative holistic healing methods to cope with those significant milestones. When I encountered Angelic Reiki, it affirms my knowing that God is Love most wonderful and the Divine is accessible and within the very core of us. It affirms that in the hands of the Creator everything is possible and nothing is lost. The angels are truly great messengers of love and light. To experience Angelic Reiki is to awaken to Divine energy that emanates within and without us.

Come and experience Angelic Reiki for yourself and discover the gifts that have been closed from you as a result of human dogma. The benefits of Angelic Reiki are found in the pages within [www.angelicreiki.com.sg](http://www.angelicreiki.com.sg).

*“Health means living in harmony with the natural and spiritual laws of life. Within our body is an intricate process that governs the body’s life. When all is flowing and coordinated, we experience health. Break a physical and spiritual law, and we suffer and experience illness. Healing is the process of bringing the body back to its natural state of health.” – Barbara Martin*

Ultimately, the root to all problems and dis-ease can be traced to have begun in our energetic bodies; for we are all energy. Everything around us is energy – vibrating at different level and frequencies. Like a force field around a star ship, when our energetic bodies break down our physical body feels the pain and send distress signals to us to take action to heal and restore normal operating functions.

While I am an **Angelic Reiki Practitioner and Master Teacher**, I also facilitate Angel Guidance Therapy, Mystic Rose Healing, Kwan Yin and Dolphin Energy Healing, Spiritual Surgery, Hypnotherapy and NLP (Neuro Linguistic Programming). I am guided to use any of these healing modalities during a session. I tune in to my higher self and the wisdom from the Angelic Realm and facilitate all session for the best possible outcome for you and with the highest intention and for the highest good.

I may also incorporate the use of crystals in my sessions. I have found crystals to be effective in harmonizing our energetic body and have much respect for the loving and beautiful energy and wisdom that they unconditionally share.

You can be assured that your healing sessions will be treated with utmost confidentiality and proprietary.

### **Health Maintenance**

Just like our home, car and appliances, we require regular maintenance and servicing to ensure that everything is going smoothly and trouble free. It includes those relationships that are important to you. Have you done a health check on your self recently? I encourage everyone to examine where they are in their soul journey and be discerning of the choices you make every moment in life. You may not realize that all these simple and complex decisions are affecting your daily and future circumstances. For instance, are you happy now? You have a choice.

Happiness is a state of the mind and heart in alignment to the Truth. Everyone can be happy at any given time; we just need to choose it.

### **Green Energy Exchange**

Everything is a cycle. To give is to receive. Thus, it is that I charge a consultation fee of **S\$120.00 – S\$180.00 per session**. Each session may take 45 to 90 minutes depending on the healing modality applied.

Mention “**Angel Heart**” to get a First-timer rate to Angelic Reiki Therapy.

Being a healing channel is a gift from the Divine, and I will facilitate healing session to those who are truly in need. Understandably, some may not be able to afford the consultation fee due to their present life circumstances. If you are in this dire state now, please feel free to call me to make an appointment for a personal healing session. It is when you are especially stressed by life situations that you are most in need of spiritual healing. There are many ways to give green energy and one of them is through random act of kindness, besides giving what you can afford at this time as a token of sincere appreciation.

### **Make an Appointment**

An appointment is necessary to ensure that you receive a focused and beneficial session. Call me at **+65 63230023** (do leave a message if I am unable to take your call), or email [Cynthia@angelicreiki.com.sg](mailto:Cynthia@angelicreiki.com.sg) to set a date and time for a personal consultation.

May we all awaken like a tiny bud that blooms to a beautiful flower in a rainbow covered sky to offer all a wondrous sight!

I wish you much love and blessings always.
