About Oribel

I quit my corporate job to focus on the most important person in my life, Myself. And I discovered a most precious gem which I had forgotten to polish and care for because I was living what I thought was a perfect life.

For many years I've been living on auto-pilot. I've battled with low-self esteem, self-doubt and a need for approval and acceptance from others. And one day several years ago during a healing session I was told by the practitioner that she saw Archangel Michael sitting on my left shoulder. And that was the beginning of my divine relationship with the Angelic Kingdom.

Many doors opened for me since that day. It led me to many teachers and to self-realization. I have done much inner work on myself and gave pure intent to be in partnership with my Higher Self. Till today I am co-creating my own reality. I now practice self-love, healthy self-care, self-acceptance and I am making choices that empower me. I now have inner peace, inner strength and inner guidance. And best of all, I am loving every moment of my life.

I am now living my dream of assisting others to heal themselves by inspiring, uplifting and empowering them and sharing my experiences. This is my passion. And my passion is my gift to you.

I am an intuitive healer with an "inner knowing". I have studied the power of prayer, gratitude, pure intent, visualization, Spiritual Psychology, Quantum Touch, Visionary Intuitive Healing and Angelic Reiki. I'm so blessed to have been trained as an Angelic Reiki practitioner and Master teacher. Working with the Angelic Kingdom helps me to help others in their own journey.

And it gives me great pleasure and indeed it is a blessing to share this divine Angelic Reiki material with you.

Blessings to you,
Oribel
