The picture says it all. It was lovely to meet Christine for the first time in Singapore at Angelic Reiki Regional Organizer Office located at #17-03 OG Albert Complex. The evening presented an opportunity to connect with AR co-founder and get to know fellow facilitators. The evening ended on a note of simple gratitude and guided meditation by Christine.

The Golden Heart Merkabah of Creation  
Workshop By Christine Core  
9 - 14 November 2010  
Singapore

The Golden Heart Merkabah of Creation Workshop by Christine was unique even for those who have attended the Flower of Life Merkabah Workshop before. The 6-day workshop was intensive. Christine's personal 15 years experience with the Merkabah or Light Body, and her experience as a Facilitator made a rather complex workshop (which comprise ancient wisdom of creation and geometry) simple and easy to practice.
